

## Data Security Breach Reporting Form – GDPR12

A data security breach can happen for a number of reasons: Loss or theft of data or equipment on which data is Stored, Inappropriate access controls allowing unauthorised use, Equipment failure, Human error, Unforeseen circumstances such as a fire or flood, Hacking attack, 'Blagging' offences where information is obtained by deceiving the organisation who holds it. Use this form to report such breaches.

Example: Reportable Theft or loss of an unencrypted laptop computer or other unencrypted portable electronic/digital media holding names, addresses, dates of birth and National Insurance Numbers of individuals. A manual paper-based filing system (or unencrypted digital media) holding the personal data relating to named individuals and their financial records etc. More information can be found using the below link:

### Breach Containment and Recovery

#### Article 2(2) of the Notification Regulation states:

The provider shall notify the personal data breach to the competent national authority no later than 24 hours after the detection of the personal data breach, where feasible. The provider shall include in its notification to the competent national authority the information set out in Annex I. The Privacy and Electronic Communications (EC Directive) Regulations 2003 (PECR) provide rules about sending marketing and advertising by electronic means, such as by telephone, fax, email, text and picture or video message, or by using an automated calling system. PECR also include other rules relating to cookies, telephone directories, traffic data, location data and security breaches. Detection of a personal data breach shall be deemed to have taken place when the provider has acquired sufficient awareness that a security incident has occurred that led to personal data being compromised, in order to make a meaningful notification as required under this Regulation.
