

THE EASTHORPE TRUST

Do you need additional funding to progress a specific project or to purchase much-needed items of equipment?

Are you a local club or association with a strong connection with the town of Southwell and the surrounding area?

If so, The Easthorpe Trust may be able to help.

We are a small, local Charity that dates back to the C19th and whose original object was to promote education and to help alleviate poverty within the Easthorpe area of Southwell. Our income is generated from our landholdings – including the Crink Lane and Pollards Lane allotments – and from our investments. In recent years, we have widened our aims and objectives so, today, we have more scope to provide grant support.

In deciding whether to support an application for a grant, we particularly look for:

- 1) A strong connection with Southwell and its immediately neighbouring villages;
- 2) A specific project or the purchase of particular items or equipment; and
- 3) Projects or initiatives that provide educational or social opportunities that will be available to the wider community or to not-for-profit clubs and associations;

We prefer to support projects or initiatives through providing match-funding and, whilst we prefer projects or financial support that benefits the community as a whole, we can also assist individuals in need who may require particular support.

If you think you meet these requirements, why not download an application form [HERE](#) and let us see if we can help.
